Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Claims 48-54, 63-75 are currently pending in this application.

Applicants' amendments and arguments filed on 12-28-04, have been fully considered and are deemed to be persuasive to overcome the rejections previously applied. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. Specifically, Examiner has withdrawn the previous rejections held under 35 U.S.C. 102(b) and 103(a) in view of the arguments provided by the applicant, that the reference does not disclose a polypeptide that inherently has the same characteristics of the polypeptides used in the claimed method.
